# Indigenous Gardening

## Beyond Natives: Supporting the biodiversity of the Cooks River Valley from your backyard

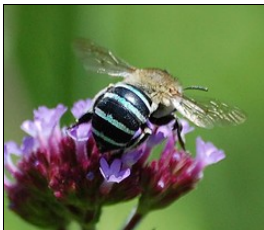

Learn about the plants native to our Cooks River that will look beautiful in your garden and conserve local wildlife and the original vegetation features of the Valley.

Create habitat gardens to attract birds, butterflies and lizards to your garden. Learn about native grasses, striking flowers, feature plants and ferns.

**Date:** Wednesday 13th June 2012

**Time:** 5.00 pm - 7.00 pm

**Venue:** Canterbury City Community Centre  
130 Railway Pde, Lakemba  
(map over page)

**The workshop will be presented by Lana McGee
