

Lunar Planting & Crop Rotation

Lunar Planting is an ancient planting system known to every early culture throughout the world. Working with the appropriate phase of the Moon for all aspects of planting, cultivation, and harvesting is believed to increase quality as well as quantity in your crops. This two hour workshop will cover the basics of lunar planting as well as the principles of crop rotation.

Workshop Presenter : Toni Falter 'The Veggie Lady'

Saturday 27th October 2012
