Presented by Peter Clarke Bio Diversity Officer Kurringgai Council

Peter Clarke is a leading expert in creating positive relationships between people and wildlife. He has managed the hugely successful WildThings program since 2005 in the Ku-ring-gai Council area. The WildThings program has placed over 200 native bee hives on properties throughout Ku-ring-gai Council. Peter's practical experience and enthusiasm has inspired over 550 residents in Ku-ring-gai to join Wild-Things to help provide habitat for urban wildlife.
