Saturday 1st September 2018

9:00 am – 11:00 am

Saturday 6th October 2018

8:30 am – 10:30 am

Saturday 3rd November 2018

8:30 am – 10:30 am

Saturday 1st December 2018

8:30 am – 10:30 am

Remember ... it is an obligation of holding a plot at Lakemba Community Garden that gardeners participate in 50% of working bees.

If your other commitments prevent you from fulfilling your commitment to attend a Working Bee please let either Kate (capacitybuilding@4cs.org.au) or Milo (gc6@4cs.org.au) know or call 9750 9344 and we can allocate one off jobs to do.

What is a working bee?

Members and friends of Lakemba Community Garden meet to maintain and develop the shared/communal spaces of the garden. This is when the entire garden becomes the focus and not individual plots. It is also a great time for you to meet other gardeners and share ideas and learn from one another. We all use these spaces so it is important that we all help out when we can.

Below are some of the jobs that are completed at a working bee:

- Pruning, planting, harvesting & watering of herb spiral.
- Mulching and cleaning pathways.
- Compost bins - chopping up material, turning and maintaining.
- Seed saving and sharing.
- Planting fruit trees.
- Making plant and information signs.

Harvest Share ... the end of our working bees are a time to share harvest, seeds, food, company and conversation. Come along and meet your fellow gardeners!
